## AGREEMENT BETWEEN JAPAN AND U. S. GUARANTEEING PEACE.

London, Dec. 1.—The Associated Press today secured a copy of the agreement between the United States and Japan, concerning the maintenance of the status quo in the Pacific and the observance of the integrity of the Chinese Empire.

It consists of an exchange of notes between Secretary Root and Baron Takahira, the Japanese Ambassador to the United States. The notes are nearly identical. That of Baron Takahira is dated Nov. 11, and says:

"The exchange of views between us which has taken place during the several interviews I have recently had the honor of holding with you, have shown that Japan and the United States are holding important outlying insular possessions in the region of the Pacific Ocean and that the two Governments of the two countries are animated by a common aim, policy and intention in that region."

"Believing that a frank avowal of that aim, policy and intention would not only tend to strengthen the relations of friendship and neighborliness which have immemorially existed between Japan and the United States, but also materially contribute to the preservation of general peace, the Imperial Government has authorized me to present you an outline of its understanding of that common aim, policy and intention."

### Terms of Notes.

The five separate notes, in explicit terms, are as follows:

"First—It is the wish of the two Governments to encourage the free and peaceful development of their commerce on the Pacific Ocean."

"Second—The policy of both Governments, uninfluenced by any aggressive tendencies, is directed to the maintenance of the existing status quo in the region above mentioned, and to the defense of the principle of equal opportunity for commerce and industry in China."

"Third—They are accordingly firmly resolved reciprocally to respect the territorial possessions belonging to each other in settled regions."

"Fourth—They are also determined to preserve the common interests of all powers in China by supporting by all pacific means at their disposal the independence and integrity of China and the principle of equal opportunity for commerce and industry of all nations in that Empire."

"Fifth—Should any event occur threatening the status quo as above described, or the principle of equal opportunity as above defined, it remains for the two Governments to communicate with each other in order to arrive at an understanding as to what measures they may consider it useful to take."

Now that Japan and the United States have come to an understanding regarding affairs concerning us in the East, and especially in China, we hope congressman Richmond P. Hobson's fears will be somewhat allayed and that he will not continue to advise the President to keep our "around the world" fleet in Eastern waters.

The days are numbered. Every tot in town can tell you how many more days till Christmas.

## A WRONG IMPRESSION.

Although the Carnival was secured by the Commercial Club, yet the Club has nothing to do with its management while here, as some seem to think.

A number of requests for complimentary passes to the shows have been made upon the Club's officers which they are unable to grant. They issue no passes nor have they power to secure them.

Mr. Barkoot very kindly gave passes to the Club's officers, directors and Committee on Carnival, twelve in all; but it would not be business-like nor reasonable to suppose that he could issue passes to all Club members and subscribers to the merchant's advertising fund, about a hundred and forty in number.

## BROTHERS TO THE OX.

Two men were engaged in fixing a fence on a roadside in Indiana. It was arduous work; the ground was hard, and the tools were inferior, and the recompense was small. Moreover they had been fixing fences until their souls were weary, and they could taste barbed wire, and their dreams were full of fence posts, and their hands were full of splinters.

Presently a large automobile whizzed by them, conveying two passengers in luxury. They looked upon the cushion seats, and merely gave an indifferent glance to the toilers by the wayside.

These toilers leaned upon their spades and wiped away a tear.

"That sort of thing makes me mad," said one; "why should you and I be condemned to earn our bread in anguish and bitterness, while others, who do less for the welfare of society, find life one long summer holiday?"

"I cannot argue the question," said the other sadly, "but I feel the injustice of the world. Ever since I was a little boy I have been working, working, working; there has never been a night that has not seen me go to bed with aching bones; there has never been a morning that has not found me tired and discouraged. And when I look to the future I see nothing but work, work, work; hard grinding, grinding work, that eats into the soul of a man. And I feel bitter when I see the gaudy idlers dash by me in their motor cars as though I were of the weeds beside the road."

"It is a cruel, hard thing," said his companion; "we hear much fine talk of equality under this government; but what sort of equality is it that gives a shovel and a crust of bread to one man, and a private car and a banquet to another? Like you, I see nothing but work and weariness ahead of me, and sometimes my heart seems to become water. But here comes the boss, and if he sees us standing here doing nothing, he'll fire us."

Their employer rode up on his fat, plutocratic riding horse, and said good-naturedly:

"Well, boys, did you see that automobile go past a few minutes ago?"

"Yes sir; who were the passengers in it?"

"The sheriff of LaPorte taking Ray Lamphere to the penitentiary."

## TWO-CENT RATE FROM GERMANY TO THE STATES.

Berlin, Dec. 2.—The United States and Germany have arranged for a postal rate on letters between the two countries of two cents instead of the existing rate of five cents. The new rates will go into effect after January 1.

This country and Great Britain have already agreed and has in effect between the two countries, a 2 cent letter postage rate.

## MADDOX THE WINNER.

A dispatch received in Dothan this morning stated that Robert E. Maddox won out for mayor in Atlanta yesterday, by 3,100 over Woodward, the ex-mayor, who was chosen as the nominee in the city primary last month. He was defeated on account of behavior unbecoming a candidate for mayor of a large city. Public opinion became so strong against the defeated candidate that Maddox was brought out as an independent.

This victory is a victory for decency and good morals in the Gate City, and all good men should rejoice that Maddox was elected.

## MR. LEE RETURNS.

Mr. Lee, the expert strawberry grower of Castleberry, has returned home after spending several days prospecting here.

While here, Mr. Lee looked at several farms near the city, talked with a number of farmers about growing berries, and investigated the school and church facilities. Mr. Lee was very favorably impressed with these, and also the matter of labor and transportation facilities. It is his intention on returning home to try to induce one or two more large strawberry growers to move over with him. In case they come over, the first crop will be planted in February.

## LOOKING THEM OVER.

A Portland, Oregon, man had an idea that he would love to get married. He must have had queer ideas about the proceedings, too, for he rounded up all the widows in town and gave them a banquet. He thought by doing this he could have a chance of looking them over and see how they appeared at table, probably wanted to see how they handled the table tools, or might have had queer ideas about what each one loved in the way of rashions. The old fellow, for he was eighty, was a widower, and rich. He promised the attendants that he would look over the ir apprehensions, and if he found no one that he was willing to risk, that he would continue these banquet year after year, till he does find a widow he likes well enough to leave his money to.

Of those present, was one woman, age 91, and the youngest, said she wasn't but twenty-five, come spring.

## SEABOARD ASKS FOR BIDS ON ROLLING STOCK.

Baltimore, Dec. 2.—It was learned today that the receivers of the Seaboard Air Line Railway company have asked for bids on new rolling stock, involving an expenditure of \$900,000 and that specifications are being prepared for important purchases of track material and iron and steel products for shops. Fifteen locomotives and 700 cars are included in the items for new rolling stock.

## SAFE BLOWERS AT BANKS.

Four iron safes were blown open and robbed of their contents at Banks, a station between here and Montgomery, on Monday night of this week. No large amounts of money were secured.

Our merchants had best keep a look-out on these rascals might drop in on Dothan some night.

Harvie Jordan says the remedy for the present low price of cotton is to hold on to it. We think another and perhaps a better plan would be to plant less of the staple.

## KINSLEY ITEMS.

At the annual session of Alabama Conference held in Birmingham Nov. 26-30, Kinsey was represented by District Superintendent C. J. Hammitt, Rev. Richard Burdeshaw, and Mr. Charles Burdeshaw. Rev. Burdeshaw served as Conference Treasurer and in the absence of President George M. Hamlin, looked out for the varied interests of Mallalieu Seminary. At the Fourth Quarterly Conference held at the Kinsey M. E. Church and at Rocky Branch, unanimous invitations to return for another year's service were given the pastor; so his many friends will be glad to hear that they are to have the privilege of listening to Rev. Burdeshaw's excellent sermons another Conference year.

Rev. Emory Thomas and son have been in Florida during the past ten days.

Two of last year's pupils, Misses Carol Dennis and Eliza McCallister, spent a part of Thanksgiving Day at Hamilton Home.

The older students of Mallalieu Seminary will enjoy a Social at Hamilton Home Saturday evening, December fifth. A part of the program will consist of piano selections rendered by pupils of the Music Department and their teacher, Mrs. X. M. Fowler.

The Philomathian Society will meet in the Intermediate Department room Friday evening. The subject of this week's debate is: Resolved, that the beauties of nature are more attractive than the art of man.

## NEW SOUTH-SIDE CHURCH.

The following short history of this church will be of interest to our readers:

In May 1900, a Sunday school was organized in the home of J. T. Taylor, with J. M. Vann as Superintendent.

The school was soon too large to meet in any of the homes, so an old store house was rented from W. F. Newton, at seventy-five cents per month, and used for two years.

In May 1901, a tent meeting was held by Rev. R. R. Jones, after which there was much interest manifested in a church building. Through the influence of J. D. Flowers and Rev. J. P. Roberts, the Conference which met in Dec. 1901, put the work upon a circuit and Rev. J. M. Griffin was appointed pastor. He immediately organized the church with 18 members.

The following year the present church was built by the help of Dothan friends and great sacrifices on the part of the congregation.

The next Conference made the church a station and appointed Dr. J. W. Rush pastor, who ably and faithfully served the charge two years. During his pastorate the church built up rapidly and the present parsonage was built.

After Dr. Rush, the church was faithfully served by Rev. J. L. Jones one year, and Rev. H. B. Register two years.

This year Drs. Peterson and Hurt, the pastor, and a number of the congregation felt that the church would be more prosperous and serve its purpose better, were it located in a more populous part of the city. So the Quarterly Conference voted to sell the old property and secure the new.

Mr. Frank Holloman, an old Dothan citizen, but now residing in Birmingham, is in the city today.

## IVE MINUTES FOR PRAYER.

In the trial of the nightriders of Tennessee in connection with the murder of Captain Rankin, one thing that was brought out is not commented upon, but there's a whole sermon in it. One of the witnesses testified that after the mob had swung Capt. Rankin up to the tree, that they let him down again and told him they would give him five minutes for prayer. He told them that he did not need the five minutes, for he'd been praying twenty years. They again insisted that he take it, but he was firm, and told them he would devote the time to praying for them, but they pulled him up without it.

And now through the aid of Brother J. D. Flowers the congregation has a beautiful lot and money in the bank to erect the Sunday school room of this beautiful and commodious church.

Thus this congregation, which has been faithful in adversity, has the brightest prospects of its history.

Miss Mizelle, the young lady who passed through this city ten days ago and had such an exciting experience in a runaway, had returned last night from Chipley, Fla., on her way to her home in Enterprise.

Miss Zola Blackshear, of Haleburg, has been visiting relatives in the city this week.

J. W. Floyd, of Midland City, came down yesterday afternoon, returning on the Elba train at seven thirty o'clock.

S. T. Hall has moved his family from Enterprise to Dothan, and he will be associated with his brother in publishing the Eagle.

A. O. Smith, with the E. E. For Piano Co., has located in Dothan and will make headquarters Knox's Book Store. Let us see you prices on piano.

The doors of the two stores of Dothan Dry Goods Co., J. J. Layrovia, Manager, were closed today on account of liquidation and bankruptcy proceedings.

## PREACHING.

Rev. Palmer, the new preacher for the Headland Avenue Mission Baptist Church, will preach this Sunday morning, and at night.

At the home of Mr. Lou Oppert 8 o'clock p. m. today, Mr. J. D. Campbell and Mrs. Dora A. Farr were united in marriage by Rev. W. M. Anderson. Both parties reside at Slocomb, Ala.

G. A. Ward, of Hartford, is in town today.

Mr. Frank Martin, of Ozark, is in Dothan today.

Dr. W. H. Wild, of Slocomb, is in the city today.

Bob Meadows and Miss Gaynelle Logue, of Slocomb, were in Dothan yesterday.

The friends of Miss Nepp McEwen will be sorry to learn that she is quite sick at her home on Foster street.

## WHY IS IT?

Why do people desire to see dare-devil acts, performed by professional fighters, high-divers, automobile racers and the like? Why is it? The greater the risk of life the greater is the excitement and greater the crowds that flock to see the performance.

Why do we pay money to see a hardy fellow take his life in his hands and go through an act that not one man in a million would risk for all the money of a Rockefeller?

Why did 200,000 people flock from all over this country to Savannah last week to see a handful of men risk their lives in an automobile, travelling a hundred miles an hour?

The speed of these machines was nothing. They are only mechanical contrivances that can be built to go double as fast as they did, if the manufacturers have a mind to gear them up to such speed.

The attraction at these races was the fact that human beings were in these cars and risking their lives. Were these vast crowds disappointed that half a dozen men were not killed on Thanksgiving Day in Savannah? If there had been one adena w If there had been no danger in driving these cars, there would have been no large crowd to witness the performances.

Do we really delight to see blood spilt from the heart of our fellow man? None of us would likely admit this to be true, yet our acts tend to prove that this is really so, else why do we get excited and rush to see such things? All this is true, we believe, but why, we shall not attempt to explain.

## CABINET APPOINTMENT.

Hot Springs, Va., Nov. 27.—Mr. N. Hitchcock has been of and has accepted the post of Postmaster General in the Cabinet that is to be.

The official announcement of the conclusion regarding the first selection of President Taft will not be made until Taft has completed his cabinet, at which time it will be announced.

Chairman of the Republican National Committee, Mr. Hitchcock became more familiar than any other person with the political questions likely to arise at the beginning of the Taft administration and the knowledge he gained regarding the personnel of a party will be of great service.

Mr. Taft throughout his administration. Besides these reasons, the National Chairman admittedly possesses a comprehensive as well as a technical knowledge of postal affairs, gained by a protracted experience as First Assistant and Acting Postmaster General.

## ALL-NIGHT FIGHT WITH OFFICERS.

Anniston, Ala., Nov. 29.—The famous home of moonshine whiskey in the Turkeyhollow mountains of Alabama was conquered at least for the present, by United States revenue officers when they brought to jail here Jim Floyd for a decade the leader of the Floyd gang, and eight alleged members of his band.

Five bullet wounds in Floyd's body attested to a desperate all night fight with the alleged moonshiners. Floyd has boasted that he would never be taken alive, and he was captured only after loss of blood had dimmed his eye and made his grip on his revolver unsteady.

Two nifty deputies made all the captures. They were Internal Revenue Agent Knox Scott and Chief Deputy Marshal Ashley and they laid their plans craftily last night when about to begin battle. They concentrated their apparently forlorn hope upon the leader of the band, Jim Floyd, and when his companions saw him lying prone at the officers' mercy they fled with their fighting spirit gone. The two officers believed that Floyd and some of his companions were in the home of Bob Allen, and shortly after dark they attacked this house. During the shooting Floyd appeared at a window and he was shot as he attempted to jump through it. Three of Floyd's friends in the house then gave up the fight and the officers started on a night round-up of others. Fearless of the bullets which sped at them and by good luck escaping even the slightest scratch, the pair-captured one after another of the band, only one man, keeper of an alleged still, getting away. The still of this man was destroyed.

The passenger now leaving Dothan at 11:45 a. m. will leave, after the new schedule, at 8:45 a. m. and returning, arrive here at 5:55 p. m., instead of 10 p. m. at present.

Very little change will take place in the running of the other passenger train.

The leaving of this early morning train for the Bay will meet with general approval.

## TUBA'S NEW GOVERNMENT

An associated press dispatch from Havana says "that as the time for the evacuation of the American troops draws near, Governor Magoon and President-elect Gomez will hold a conference on Sunday next to discuss important matters pertaining to the future conduct of the Cuban government, particularly the question of meeting some of the pressing treasury obligations."

It is reported that in Havana a loan of \$30,000,000 will be necessary, and, according to the present understanding, that Speyer & Co., of New York, will take it up.

This shows that the new officials who will take over the affairs and hold the destinies of the Island have modern ideas and will demand all the money they can raise, and make as big a debt as possible while in charge there.

## NO FEDERAL COURT.

We learn that there will be no session of the Federal Court held here during this week, as the schedule of sittings calls for Judge Jones is the "whole cheese" in this matter and he has announced that he won't be here tomorrow, as many interested had a right to expect.

Maybe the judge is waiting to have that new building put in readiness before holding court in the new district.

## SHOP EARLY.

Now if it's in order, and we think it is, we would be suggesting along at times, that the people begin to do their Christmas shopping. Plenty of time, of course, but it will be your luck, likely, to wait till the last minute, and then find that the other fellow bought the same thing you picked out.

Come along down town and see what you want, and have it wrapped up and laid aside. By doing this you get what you want, and the merchants get what they want—part of the Christmas rush off in advance, and that amounts to much.

Lots of people living right here in town, where they could step down and day and buy what they need, will put it off till a day or two before the awful day. For You oughtn't to do this way.

**Canton Stalk Cutter**

The Canton Stalk Cutter is a simple and extra strong stalk cutter, an absolute necessity on all corn farms, and will pay for itself in time saved in a short time.

The only Stalk Cutter made having a cushion spring on the hitch, which absorbs all jarring between the team and the implement, and also makes it much easier for the driver. This feature alone makes it worth 50 per cent more than any other stalk cutter made. The hitch is on the lower frame, giving a low direct pull, lightening the draft, and relieving the horses of neck weight. Cylinder heads have shoulders for blades to rest against, and they cannot work loose. The drag hooks rake the stalks in line, and knives strike the stalks with a downward stroke. A steel hood and foot platform protect the driver. The shaft does not extend through the cylinder, and trash cannot clog the machine.

## TOM CRAWFORD DEAD.

A telegram was received this evening from Hot Springs stating that Tom Crawford was dead. He went there two or three weeks ago to take treatment for inflammatory rheumatism, but his condition was not thought to be serious, and his death was a shock to his people here and many friends.

He was the youngest son of Mr. and Mrs. J. R. Crawford, and was a brother to J. L. and R. D. Crawford, Mrs. T. E. Williams, Mrs. V. P. Greel and Mrs. P. M. Carlisle.

He was one of the most pleasant and gentlemanly young men in town, was hardly of age, but had been with his brother Bob in his law office for some time.

The entire town is grieved at the taking away of one so young, and with such a promising future.

The remains will be brought back to Dothan for burial, but it is not known what train the body will reach Dothan on.

## PAY YOUR POLL TAX.

Only about a month hence and an election will be held in House-

ton county on a bond issue, both for good roads and more money for our public schools.

To vote in this election it will be necessary to have your name on the registration books, and a clean poll tax receipt paid up to February 1st of this year.

The first of February, 1909, is the last day for the collection of poll taxes for the year 1908, hence the January election does not effect them holding a poll tax receipt for the present year. But it will be well, while this subject is on your mind, to go and pay this year's tax at once.

## DID HE MAKE UP THE STORY?

Frederic H. Commee of the Symphony is a capital story-teller and one of his latest relates to a Republican rally he attended in the last campaign, says the Boston Herald. The orator at the close of an eloquent oration intended to convert any Democrat present exclaimed: "It there's a Democrat present let him stand up."

One man rose. "And why, sir," shouted the

orator, "are you a Democrat?" "My father and grandfather were before me."

"And had your grandfather and father been thieves, what would you be now, sir?" thundered the rhetorician.

"A Republican."

## ANOTHER MARIANNA ACCIDENT.

L. H. Smith Dead.

L. H. Smith, of Marianna, was in a runaway accident Friday, which resulted in his death Saturday. He was attending the burial of Judge McKinnon, who was accidentally shot and killed on Thanksgiving Day while out hunting. It is only known here that he was in the runaway, but none of the particulars are known. Hugh G. Smith, his son, left for Marianna Saturday morning, and before he had been gone but a few minutes, a telegram came announcing the accident. Yesterday, another telegram was re-

ceived here to the effect that Mr. Smith died Saturday evening.

He was one of the most prominent men in that section of Florida; was a native of Virginia, and leaves four sons: Bryan Smith, an attorney at Marianna, Capt. Hamilton Smith, U. S. A., Louis Smith, cashier of a Marianna bank, and Hught G. Smith, of this city.

## ALL ROADS LEAD TO DOTHAN.

In compliance with the request of Secretary Layfield of the Commercial Club, the passenger department of the A. C. L. Railroad is running the Elba trains on to Dothan instead of stopping them at Waterford junction as usual. This concession on the part of the road will enable the people living along the Elba branch to come to Dothan on a convenient schedule and see the great Carnival. This grant on the part of the railroad is appreciated by its patrons and all the officials of the Commercial Club, under the auspices of which the Carnival is held.

## CEMETERY.

The City Fathers have purchased of Mr. B. R. Pilcher, acres of ground, for the purpose of enlarging the city cemetery. A portion of this strip, lying on West side has been used for several years as a burying ground and there are quite a number buried there.

The five acres extend around and adjoin the old cemetery, the North side also. Mr. Grant, chairman of the Cemetery committee, informs us that the trade for this additional ground will be consummated today. He also states that the whole will be put under one fence, and that they have now a force of hands at work cleaning up the grounds and beautifying the cemetery lots as much as possible, with such funds as they have at hand.

We are glad to hear this and to learn that our city of the dead will be better cared for in future.

### JORDAN ATTACKS

#### CROP ESTIMATES.

Special to Birmingham Ledger. Montgomery, Ala., Dec. 3.—That the estimate of the United States department of agriculture gave the country dearly is the opinion of Harvey Jordan, of Atlanta, President of the Southern Cotton association. As an avenue of information, he states it is almost nil. There is no ground for accuracy, he states, in a report on the number of bales ginned, but none whatever for their crop estimates. He illustrated his statement in this city yesterday by referring to the department's estimate of last year's crop, when the estimate was 5 percent in excess of the facts, and which resulted in a cost to the country of many million dollars.

### BURTON BOOKED FOR SECRETARY OF TREASURY

Cleveland, Ohio, Dec. 3.—The Cleveland Plaindealer today will say that Representative Theodore Burton of Cleveland has been offered by President-elect Taft, the portfolio of Secretary of the Treasury.

Mr. Burton has taken the offer under consideration, but will make no reply to Mr. Taft until after the Ohio Senatorial situation has been clarified.

It is understood that Mr. Taft's action in tendering the secretaryship to Mr. Burton is made entirely without respect to the senatorial fight in Ohio, in which his brother Charles P. Taft of Ohio is a prominent factor.

### IN CHANCERY.

The State of Alabama, Houston County, Merkle & Whittier, as intervenors in the case of Hanson, Blake & Co. et al. vs. Dothan Square Bale Ginning Co., at Dothan, 17th District S. E. Chancery Division.

In this Cause it is made to appear to the Register, by the affidavit of J. H. Merkle, that Hanson, Blake & Co. and Haas & McIntyre, are each non-residents of the State of Alabama, and reside at Atlanta in the State of Georgia, and that Columbus Iron Works Company is a Georgia Corporation with its principal place of business in Columbus, Georgia, and further, that in the belief of said affiant, Hanson, Blake & Co. and Haas & McIntyre are each over the age of twenty-one years.

It is therefore ordered by the Register, that publication be made in the Dothan Eagle, a newspaper published in Dothan, Alabama, one a week for four consecutive weeks, requiring them, the said Hanson, Blake & Co., Haas & McIntyre, and Columbus Iron Works Company, to plead, answer or demur to the bill of complaint in this cause by the 4th day of January, 1909, or in thirty days thereafter, a decree pro confesso may be taken against them.

### JUMPED OFF THE TRAIN.

Saturday while coming in from Panama City, Conductor Darnell had a negro passenger who became suspicious and jumped from the train while going at twenty-five miles an hour. On pulling down the train and backing up, the negro was caught and put back and allowed to finish his ride on to Dothan, where he'd paid his money to come. Just why he jumped off without waiting to be put off, was because he saw a person on the train he took for Tom Butler. The negro's suspicions were correct. It was Tom, and he was looking for the negro, who was an escaped convict. He was brought on to jail.

The board of revenue of Montgomery county ordered an election yesterday for \$150,000 of road and bridge bonds.

### TRESTLE BURNED.

Moblie, Ala., Dec. 1.—A Pensacola, (Fla.) special says: The long trestle spanning the Chipola river, 100 miles east of Pensacola, on the Louisville & Nashville was burned yesterday morning and no trains have arrived from Jacksonville yet. Big forces of men have been sent to repair the bridge, which it is thought caught from coals from the fire box of an engine.

### BETTER ROADS AND BETTER RURAL SCHOOLS NEEDED.

San Francisco, Dec. 1.—Better roads, a better system of education in rural schools, a postal savings bank, a limited parcels post.

These are the most important recommendations, according to Mr. Wallace, of the commission that will be made to President Roosevelt by his commission on country life, which is now in San Francisco. At the head of the commission is Professor F. L. Bailey, dean of the College of Agriculture of Cornell University.

The commission has held a meeting with representative farmers and orchardists and today will leave for Sacramento.

"President Roosevelt," said Mr. Wallace, "will send a special message to congress urging legislation along the lines demanded by the farmers."

The price of cotton this season seems to have been about as firmly fixed as that of a postage stamp.

### FIRE DEPARTMENT CALLED OUT.

The fire department was called yesterday evening about 3 o'clock to a three-room negro house in Frogtown. As the water mains extend no further west than Lena street, the department could render no more assistance than join in with a bucket brigade, which they did, saving several other houses from burning.

### NEW CENTURY CLUB.

On yesterday afternoon Mrs. D. C. Lee was hostess to the New Century Club, dispensing with the "Southern hospitality," a delicious repast.

Aside from the regular program thoroughly appreciated by everyone present. The speech was an interesting and helpful talk by our former President, Mrs. Mark Ellison, concerning the recent meeting at Montgomery of the State Federation of Clubs, was most worthy one, producing an enthusiasm and inspiration toward more earnest work in the future.

A meeting for disposing of business matters was called for next Tuesday at the home of the President, Mrs. Will Flowers.

### DETERMINATION.

The Carnival folks have a man with them called "Determination." There are various reasons why this is an appropriate name, but he himself claims that "determination" is his long suit. He has no feet nor hands, yet he walks about town with ease. He has cork feet, or some kind that serve to carry him around with but a slight limp. He has hooks where his hands should be, coming out of his sleeves, and handles these hooks with facility, even playing a snatching good game of pool it is said.

He lost his hands and feet from being frostbitten. One of the things he thinks one should do, is to make the best of every condition, and he thinks one's determination is worth some-

thing. Evidently it is, in his case.

### MEETING EASTERN STAR.

The Eastern Star will have its regular meeting tomorrow afternoon in the Masonic Hall. This is an important meeting and all of the members are urged to be present. For at this meeting the officers for another year are to be elected. At seven-thirty, there will be another session with light refreshments, and it is expected that quite a number of visitors will be present.

"Peter," said Mrs. Pneuritch. "I want you to have that roof taken off our garage and one of a different kind put on."

"What for?" demanded Mr. Pneuritch. "What's the matter with it?"

"I heard an architect say the other day that it's a hip roof. Everybody knows that hips are out of style now."—Chicago Tribune.
